Portrait

BÖRSE ONLINE is Germany's longest-established independent magazine for investors. **For over 25 years**, this publication has been helping investors make sound investment decisions week after week.

BÖRSE ONLINE is targeted equally at **institutional readers in banks, insurance companies and asset management and capital investment companies as well as at independent private investors with an interest in capital markets**. BÖRSE ONLINE focuses its reporting on **fundamental market and stock analyses and**

the use of charts, trading strategies and trading models, as well as presenting portraits and interviews with opinion leaders and contrarians alike. BÖRSE ONLINE provides the kind of independent and in-depth information needed to pursue a successful investment strategy, and it also includes **specific investment recommendations**. Moreover, a comprehensive database section shows **detailed performance indicators for about 600 German stocks** and a large number of **foreign titles**. There is also an overview of the leading funds, certificates and bonds.

BÖRSE ONLINE fills **the gap created by the disregard of institutional researchers for small and mid-caps and is therefore increasingly an absolute must for all investors and asset managers who operate in these market segments**.

The readers of BÖRSE ONLINE

BÖRSE ONLINE is aligned to institutional readers in banks, insurers and asset management and investment companies as well as private investors making their own decisions on capital market products.

BÖRSE ONLINE readers are primarily male, aged between 30 and 59, well educated and have correspondingly high incomes.

40% of the readers work in executive positions and are therefore independent decision-makers.*

High investment and business potential

90% of the readers are stockholders and plan to buy further stocks in the next two years.

Readers of BÖRSE ONLINE love to invest in luxury and leisure. They spend above average on consumer sectors like "holidays & travel" and "food & beverage".

This makes BÖRSE ONLINE readers the perfect target group for financial information, B2B campaigns and sophisticated consumer products.

Subscription service

Subscribers of BÖRSE ONLINE get their copy delivered to their home on the day of publication, at no additional cost. Also they can get an electronic version.

Reference to inserts	References to inserts cannot be published for technical reasons.		
Print product	Your insert order is reported as a third-party insert by us. However, as Deutsche Post AG no longer charges for certain inserted print products as a chargeable insert but has treated them as a press shipment since 1 January 2004 (in particular if a dedicated "ZKZ" exists with Deutsche Post AG for the print product), when making settlement via Deutsche Post AG this may result in substantially higher charges, which we have to pass on to you. As a rule, higher prices are not charged if the insert is designated in print on the title page as an "advertisement", "advertising supplement", "reading sample" or "special publication".		
Identification	Under current media laws, inserts that are not clearly recognisable as advertising materials must be identified as such by printing the word ADVERTISEMENT in 9-point, semi-bold capital letters.		
Other notes	Supplements and loose or glued inserts must be printed and delivered ready for processing by the customer. The calculated print run serves as the basis for calculation purposes (please enquire prior to printing). Prices may increase if the properties of the products render processing more difficult. Other ad specials are available. Please request our Price List for ad specials.
